Bracken building partnerships that make a difference for schools

On August 1st Bracken County Schools faculty will be visiting homes of students that will be in their classes. The initiative will not involve all students since this is the first year but those students that are chosen will be randomly selected. The Bracken County Board of Education established the goal in July of 2012 and a lot of planning has gone into making this day a success. Superintendent Jeff Aulick believes that the key to success for students is to have a strong parental support and a great working relationship with the school. This effort will provide an opportunity for parents and staff to build a relationship before school starts as well as share information that is important to all.

Weekend fire claims five lives, a mother and her four children

Bracken County has again been touched by tragedy, leaving family members, friends, and the community wondering “why”. According to reports, on July 13, 2013 the Kentucky State Police responded to a fatal structure fire at 3056 Brooksville-Powersville Road (KY 19) in Bracken County. The fire began sometime before 2 a.m. with the first report coming in at 2:19 a.m. Initially two individuals were recovered and one adult male had been airlifted to the University of Cincinnati Hospital. Efforts to extinguish the fire and recovery of three additional individuals kept the Brooksville-Powersville Road closed between Hamilton Road and Powersville-Willow Road until after 4 p.m. Saturday afternoon. On Sunday evening, July 14th, Bracken County Coroner John Parker released the names of those involved in the fire, after identification and notification was made to the family.

Perishing due to smoke inhalation were Rani Doss, 35, and her children, Dylan Eldred, 16, Michael Doss, 13, Emily Doss, 6, and Bradley Doss, 6. They were identified by the Northern Kentucky Med Examiner’s Office. Surviving were Mrs. Doss’ husband, Keith Doss, 45, who remains under sedation at University of Cincinnati Hospital, and relatives Stephen Werber, 28, and Sheila Werber, 29, all of Powersville.

No cause or origin for the fire has been determined and is still under investigation. Agencies involved were KSP, Bracken Co. Sheriff’s Office, Coroners, Ambulance, Constables, Brooksville, Augusta, and Germantown Fire Departments, State Fire Marshall, Scott Co. Fire Dept., Jefferson Co. Search Dog Assoc., Bracken County Water District, Kentucky Utilities, Northern KY Medical Examiners’ Office, Bracken County Emergency Management, Mason/Bracken Red Cross, the Powersville Baptist Church, Rep. According to Sales Manager Randy Reeder, “I sat down with Agent Lathe Brady and we put our heads together to come up with a way to help Bracken Countians. We thought it would be nice to help Bracken County parents with the burden of back to school shopping. So, we decided to donate \$200 to the parents of one Bracken County or Augusta student to spend on back to school supplies or clothing.”

To enter simply email the parents’ name only along with their address and phone number to brackencogive-away@gmail.com. The drawing will be held on July 22 for the lucky winners.

Thoughts and Meditations from the Scriptures

WORTHINESS

Shame and fear are the twin enemies of feeling worthy. Most of us feel that there are certain things that we dare not share with others, dark secrets so shameful that were we to reveal them no one would accept us. But, all have sinned and fallen short of the glory of God, and we should not doubt that God loves us even so. God's making us was no mistake, and he certainly knew the many ways in which we would fall short. God's only requirement for us is that we have the courage to confess our sins and own up to our shortcomings. Confessing those sins and shortcomings to our fellow man takes even more courage than confessing them to God, but the payoff is worth it. We will thereby discover which of our friends and family members will accept us just as we are. One of the earliest meanings of the word "courage" is "to speak one's mind," or literally "to tell one's heart." And indeed, courage is required to "tell one's heart." Remember, though, that being worthy is less about being blameless and more about opening our heart to others and trusting that they will accept us.

— Christopher Simon

"Therefore confess your sins to each other and pray for each other so that you may be healed". - James 5:16

Germantown Christian Church Continued

Its memory is sacred to thousands who plighted their truth (sic) and there paid the last tribute to the memory of their loved ones and there found the sweet satisfaction of surrender to the love of Jesus.

But this building in time became inadequate to the needs of the growing congregation and in 1924 the building was enlarged by the addition of seven Sunday School rooms, vestibule, basement and heating plant.

The church is now served by Rev. Donald T. R. McLean of Cincinnati. The congregation consists of 450 members of which 350 are resident members. The Sunday School averages 155 per Sunday.

Mt. Zion Methodist Church

The Mt. Zion Methodist Church was built in 1837. One of the trustees, James Armstrong, was the same man who erected the historic Augusta Methodist College, and who was the grandfather of the well-known Methodist minister, Rev. W. G. Bradford of Augusta.

The lot on which the church is located was donated by Ferdinand Dora, one of the

pioneers of Bracken County. The church site is one of the most beautiful and well kept of the county, and the cemetery which surrounds the church on three sides is a model of perfection.

The building was damaged by a storm and had to be rebuilt in 1872. The present structure is of brick. It is thought that the brick were made on the Squire Hardy farm.

In 1937 the church celebrated its 100th Anniversary.

The present membership numbers 145. The present pastor is Rev. H. J. Hervey.

Forest Hill Baptist Church

The Forest Hill Baptist Church was organized in 1889 in the home of W. W. McAtee where services were held for several years. The church was organized by Rev. R. J. West who continued as the pastor for a number of years. Later the place of meeting was changed to the Forest Hill School which was used until the church was built and dedicated August 1, 1920.

Among the charter members were Mr. and Mrs. W. W. McAtee, Mr. and Mrs. B. G. McAtee, Mr. and Mrs. John Brown, Izare West and Tische Gillespie. Mrs. G. B. McAtee is the only charter member living.

PRESBYTERIAN POTPOURRI by Les Grooms, pastor Augusta Presbyterian

There was an aura of sadness in church Sunday. First there was the tragic death of the family in the fire, then the need for continued chemotherapy for Larry England, and finally the continued decrease in the health of Bob Kennard. It was a day of sadness.

We did have some good news. Dorothy Selby who had a fall recently found out that there was not serious damage to her body as a result of the fall.

We started Sunday with our monthly Session meeting. All members of the session were present except for Earl Bush who was on vacation. David England was not feeling well but he came for session meeting and then decided to go home. During session we discussed the business of the church, the finances, and the plans for the future.

We had our monthly Bread Basket meal this past Wednesday. Dick Behymer was not present at the grill so Howard Murray took over. The Bread Basket meals have become increasingly popular.

Old time camp meeting at Camp Ruggles will start July 18 and continue for twelve days. There is Bible study each morning and also the fellowship of the campers who come each year. We look forward to this time each year.

Lynn Darnell led the worship hour, Susie Hargett led the singing, Jill White did the power point and Shelby England had children's church.

My sermon this week centered around the parable of the good Samaritan.

GREETINGS FROM ST. JAMES by Caroline Jefferson

Our doors will be open to welcome you this weekend as we host our annual Pig Roast Dinner and Ice Cream Social! Please make plans to stop by to enjoy the good food, shop our Country Store and put a bid on an item that you just can't live without!

Vacation Bible School was a big success and we appreciate the teachers, aides and parents who worked to provide a fun and educating time for the children, but remember kids, Msgr. Dominic will be quizzing you, so keep those listening ears turned on!

St. James community extends its collective sincerest and heartfelt sympathy to the family, friends and neighbors of those who lost their lives in the house fire in Powersville early on Saturday morning. Through God's grace some of those four children attended bible school in Powersville last week, not knowing that in a few short days, they would be meeting this awesome God face to face! May we learn from this tragedy to spend less time complaining and more time praying. May God be with the surviving victim and give him the grace for a complete spiritual, mental and physical healing.

BROOKSVILLE ASSEMBLY OF GOD by Janice Whitney

10:00 a.m. - Christian Education: God has given His church a great and wonderful tool. That tool is prayer. It is God's source of fellowship and empowerment for the church. We continue our series of lessons on prayer.

11:00 a.m. - Worship Service: Life seems to be getting more complex and demanding with each passing year. In the Sermon on the Mount, Jesus addressed most of the issues of life that we face today. Pastor Norm Whitney's message is: "Surgery that Purifies the Heart".

You are welcome at Brooksville Assembly.

Eye to Eye

with David Blandford, M.D.

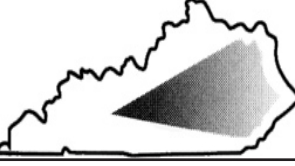

Just Scratching The Surface

Each year, more than 2.5 million eye injuries occur in this country, resulting in 50,000 people losing at least a portion of their vision. The most common type of such injuries is scratching that occurs when a foreign body enters the eye and a person rubs the eye in an attempt to remove the irritation. Whether scratches to the outer portion of the eye (cornea) are caused by airborne debris or a poke in the eye, the resultant scratch poses a potentially serious problem. Either fungal or bacterial infection can set in, requiring immediate treatment. It is best to have scratches and other eye injuries assessed by the eye doctor. In the meantime, it pays to wear protective eyewear.

Accidents cause many kinds of eye injuries, from corneal scratches to penetrating wounds. At **KENTUCKY EYE INSTITUTE**, we know

everything about your eyes and can help you to see to your fullest potential. Our team of professionals are well versed in customer service and make you feel comfortable as soon as you pick up the phone or walk in the door. We're located at **1937 Old Main St., Suite 1, Maysville**, where the decision for any treatment is based on the patient's visual needs and the expectation that visual function will be improved. For more information or to schedule an appointment, call **606-759-7883** or **800-658-7282**. We specialize in **"EYE CARE FOR ALL AGES"**.

P.S. When a piece of debris enters the eye, resist the temptation to rub the eye. Instead, try to flush the foreign object from the eye by positioning the head under running water.

OAKLAND CHRISTIAN by Barbara Browning

What a weekend we have had – VBS!! Our “Hay Day” VBS was such a sweet blessing with the children. We appreciate all those who gave of their time to help with the VBS. The closing program found a full house with parents and visitors watching their children on stage. Such a joy! You know, that is one of our purposes on this earth and that is to teach little ones about God. Children get so excited about God – what’s wrong with us adults?

Our Youth Minister, Jordan McNabb, brought us a message about “Family”. Parents: raise your children in the Lord.

SOURCE OF TITLE: Being the same property conveyed to John W. Sweet, Jr. and Judy C. Sweet, husband and wife from Timothy Mitchell and Patricia Mitchell, husband and wife, on December 19, 2007 and recorded on March 8, 2008 in Deed Book 186, Page 43 of the records of the Bracken County Clerk’s Office.

The property shall be sold to the highest and best bidder(s) and said purchaser shall be required to pay cash or the sum of ten percent (10%) of the bid price in cash deposit with the balance of the purchase price to be due and payable in cash or certified funds, within thirty (30) days from the date of sale. The purchaser shall be required to execute a bond, with good and sufficient surety, bearing interest at the rate of 12% per annum from the date which is thirty (30) days following the date of sale, until paid, and payable to the Master Commissioner.

The purchaser shall have the privilege of paying all or any part of the purchase price or paying said bond before maturity by paying the balance of the principal together with all accrued interest thereon. If the total purchase price is not paid in cash, the required deposit shall be applied to any expenses incurred by a default of the purchaser. Provided, however, in the event a party of this action is the successful bidder at the sale of the property by the Master Commissioner, then the said party, upon payment of the court costs and sale expenses and any liens or judgments that have been given priority herein over the lien and judgment of said successful bidder/party, shall have its bid credited against its judgment herein.

If the purchaser(s) fails to comply with the terms of the sale then, in such event, the Master Commissioner shall immediately resell the property upon the same terms and conditions as set forth herein, excepting only any necessary changes in the time and date of sale. Possession of the property herein sold shall be given to the purchaser after payment in full of the purchase price and confirmation of the sale by the Bracken Circuit Court. Pursuant to the Judgment herein, the purchaser shall be required to assume and pay all ad valorem property taxes assessed against the property for 2013 and all subsequent years thereafter. The title interest of the parties to the lawsuit will be conveyed without warranty by the Master Commissioner to the purchaser and the purchaser shall receive a deed to property upon payment of the purchase price in full (and costs of sale, if applicable) and after confirmation of the sale by Bracken Circuit Court, subject to any equity of redemption if the property does not sell for two-thirds of its appraised value.

2013 Quilt Extravaganza

The Berea Arts Council announces the 2013 Quilt Extravaganza. The ninth annual event will take place at the Berea Community School on Fri., Aug. 2, 10 a.m.-6 p.m. and Sat., Aug. 3, 10 a.m.-5 p.m. In addition to quilt work from individuals, the show includes special exhibits and challenge quilts. Visitors may participate in painting a square for a barn quilt or quilting an item for a charity raffle. The Vendors Market will offer fabric, patterns, notions, and the latest sewing and quilting machines. Carol Ann White, known as the Quilt Doctor, will also have a booth for free consultations on quilt repair and care. Admission is \$3. Children under 12 are free.

On Saturday, August 3, Suzi Perron will speak on the growing quilt trail movement during a noon luncheon at the Berea College Alumni Building, at the corner of Scaffold Cane Road and Prospect Street. In her book, "Barn Quilts and the American Quilt Trail Movement," Suzi explores the growing public arts movement to decorate barns with traditional quilt patterns. Her talk includes slides of barn quilts in the U.S. and Canada. Tickets are \$30 and must be ordered by July 26.

Because of the popularity of the Community Quilt Show, individual submissions this year are limited to items which have not been displayed during the past five shows. Arts Council director Gwen Childs explained the change. "This area has a rich history of quilting. We hope to see an even broader display of quilts, both old and new this year."

"Road Trip" is this year's challenge theme for the Berea Depot Quilters. Members of the Kentucky Heritage Quilt Society will offer art quilts based on "A New Box of Crayons."

Special exhibits include works by Virginia Piland and Ozella Gilbert and antique quilts from Judy Rector's collection. Now 90 years old and well-known for her unique work, Virginia Piland creates her own designs and hand quilts art messages. While Ozella Gilbert started out as a traditional quilter, she branched out to create small art quilts, using various forms of needlework to embellish the designs. Judy Rector is a local expert on the history of quilts and quilting. She will display quilts made in the nineteenth and twentieth centuries.

For more information and to order luncheon tickets, contact the Berea Arts Council at 859-985-9317 or visit www.BereaArtsCouncil.org.

Child Find for Children with Disabilities in Need of Special Education, Preschool or 504 Services

Child Find

The Bracken County School District keeps educational records in a secure location in each school and Board office.

The *Bracken County School District* obtains written consent from a parent or eligible student (age 18 or who is attending a postsecondary institution), before disclosing personally identifiable information to an entity or individual not authorized to receive it under FERPA.

For students who have been determined eligible for Special Education, educational records will be destroyed at the request of the parents when they are no longer needed to provide educational programs or services. The *Bracken County School District* may destroy the educational records of a child without parent request five (5) years after they are no longer needed to provide educational programs or services. Parents are advised that data contained in the records may later be needed for Social Security benefits or other purposes. The *Bracken County School District* may retain, for an indefinite period of time, a record of the student's name, address, telephone number, grades, attendance records, classes attended, grade level completed, and year completed.

Children eligible for Special Education include those children with disabilities who have autism, deaf-blindness, developmental delay, emotional-behavior disability, hearing impairment, mental disability, multiple disabilities, orthopedic impairment, other health impairment, specific learning disability, speech or language impairment, traumatic brain injury, or visual impairment and who because of such an impairment need Special Education services.

Children eligible for 504 services include those children in a public elementary and secondary education program who have a current physical or mental impairment that currently substantially limits some major life activity which causes the student's ability to access the school environment or school activities to be substantially limited.

Children eligible for the State-Funded Preschool program include three- and four-year-old children identified with disabilities and four-year-old children who are at-risk, as defined by federal poverty levels up to 150%. Preschool children eligible for special education must have an Individual Education Plan (IEP) instead of a 504 plan to receive State-Funded Preschool program services.

The *Bracken County School District* has an ongoing "*Child Find*" system, which is designed to locate, identify and evaluate any child residing in a home, facility, or residence within its geographical boundaries, age three (3) to twenty-one (21) years, who may have a disability and be in need of Special Education or 504 services. This includes children who are not in school; those who are in public, private, or home school; those who are highly mobile such as children who are migrant or homeless; and those who are advancing from grade to grade, who may need but are not receiving Special Education or 504 services.

The district's "*Child Find*" system includes children with disabilities attending private or home schools within the school district boundaries who may need special education services.

The *Bracken County School District* will make sure any child enrolled in its district who qualifies for Special Education or 504 services, regardless of how severe the disability, is provided appropriate Special Education or 504 services at no cost to the parents of the child.

Parents, relatives, public and private agency employees, and concerned citizens are urged to help the *Bracken County School District* find any child who may have a disability and need Special Education or 504 services. The District needs to know the name and age, or date of birth of the child; the name, address, and phone number(s) of the parents or guardian; the possible disability; and other information to determine if Special Education or 504 services are needed.

Letters and phone calls are some of the ways the *Bracken County School District* collects the information needed. The information the school District collects will be used to contact the parents of the child and find out if the child needs to be evaluated or referred for Special Education or 504 services.

If you know of a child who lives within the boundaries of the *Bracken County School District*, who may have a disability, and may need but is not receiving Special Education or 504 services, please call or send the information to: **Jennifer Stewart, Director of Special Education, Section 504 Coordinator, Bracken County Board of Education, 348 West Miami Street, Brooksville, KY 41004. Phone 606-735-2523.**

If you know of a child who attends a private or home school within the boundaries of the *Bracken County School District*, who may have a disability, and may need but is not receiving Special Education services, please call or send the information to: **Jennifer Stewart, Director of Special Education, Section 504 Coordinator, Bracken County Board of Education, 348 West Miami Street, Brooksville, KY 41004. Phone 606-735-2523.**

"*Child Find*" activities will continue throughout the school year. As part of these efforts the *Bracken County School District* will use screening information, student records, and basic assessment information it collects on all children in the District to help locate those children who have a disability and need Special Education or 504 services. Any information the District collects through "*Child Find*" is maintained confidentially.

Written *Policies and Procedures* have been developed which describe the District's requirements regarding the confidentiality of personally identifiable information and "*Child Find*" activities. There are copies in the Principal's office of each school, and in the Board of Education office. Copies of these *Policies and Procedures* may be obtained by contacting: **Daniel Fisher, Director of Pupil Personnel, Bracken County Board of Education, 348 West Miami Street, Brooksville, KY 41004. TRASH TALK

Howdy Folks! Get ready – the Tire Amnesty is coming to our area soon! We will be meeting with personnel from the Kentucky Division of Waste Management on Wednesday to get the details of this fall's amnesty. Again this year, it will be held at the Kentucky State Maintenance Barn on Highway 10 just east of Brooksville and it will be a three day event running from a Thursday thru Saturday. In the past we have had various organizations volunteer to serve lunch for all the workers and if your business or organization is interested in helping, please give us a call! Amnesties are free to the general public, but as with any event, there is lots of pre-planning and behind-the-scenes work which allows for smooth sailing during that event! As we have been urging, please get those tires rounded up and ready to be delivered. No tires will be accepted until the actual beginning date, but you will have three days for disposal.

The sunshine is beautiful this Monday morning which should help to lift our spirits, but our hearts are as heavy as the July air as we mourn the four children and their mother who tragically lost their lives in the house fire early Saturday morning in Powersville. According to news reports, three adults escaped from the top floor, two unharmed while the father of the children had to be air lifted to the U.C. Hospital. Like many of you, we did not personally know the family, but our thoughts and prayers have been with these victims and survivors since learning of this horrific event! It is not within our human capacity to understand the reasons for such tragedies, but our Christian beliefs assure us that we are all in God's hands and our human responsibilities are to care

for the survivors and trust the souls of the departed to the mercy of the Almighty. It has been a long weekend for the firefighters from the area volunteer departments, local and state police, and those friends and neighbors who tried to avert this tragedy. May God bless you for your efforts and we are thankful that no one else was injured! We also ask God's blessings on this community and family as the healing process begins!

When tragedies such as these occur, we tend to step back and think about our own situations and wonder if we are prepared for such an emergency. If you haven't already done so, why not take a few minutes to check the smoke detectors in your home? Just a few minutes of replacing batteries or even installing these life saving devices are well worth the time and investment. The cause of the weekend fire has not been determined, but we want everyone to do all they can to identify and eliminate any fire hazards and to install and keep smoke detectors in good working order.

This Thursday, Bin will be having surgery to repair a hernia and we will be enlisting the help of the Bracken County Road Department and the newly installed maintenance supervisor for the Bracken County Fiscal Court, Mark Pribble. We sincerely appreciate this help and look forward to the surgical pain relief! If doctor's orders are observed, it will be a week before Bin can drive and four weeks for a complete recovery. While there may be disadvantages to life in a small community, helpful folks eliminate them! With grateful hearts, we urge you to RECYCLE, REUSE and REDUCE to keep God's earth clean, green and beautiful! Be seen' you – *Bin & Bug*.

River Valley
Agritourism Alliance
Farmer's Feast set
for Sat., Sept. 23rd

River Valley Agritourism Alliance would like to extend an invitation to the general public to attend our second annual "Farmer's Feast." The feast is an opportunity for diners to experience the connection between the land, the local food, and the farmers that grow it. It is a tribute to the hard work and talent that bring nourishing food to the community. This outdoor fine dining experience will take place at Par-a-Dox Farms Bed and Breakfast on Saturday, September 7, 2013. Hors d'oeuvres and wine tasting will begin at 5:30 p.m. and seating for dinner will begin at 6 p.m. Diners can tour the farm and meet with other members of RVAA to learn about the many products they provide.

They will be welcoming Warren Beeler, Director of Agriculture Policy at the Kentucky Department of Agriculture and Tina Garland of the Kentucky Agricultural Department, Office for Ag Marketing & Product Promotion.

The cost is \$25 per person and reservations are required. The reservation provides hors d'oeuvres, wine tasting, dinner beverages, and a four course meal. There is limited seating. For more information, contact (937) 213-1083 or (606) 267-9003.

Sports in Kentucky by Bob Watkins

Kenny Perry is Kentucky's Every Man; Blunders List for Kentucky basketball?

When Kenny Perry came huffing and puffing to the 18th green at the 34th Seniors Open Golf Tournament Sunday in Omaha, we had to smile. An age thing.

Here's our guy again. Two weeks removed from winning his first Senior Players Championship in Pittsburgh, Perry had wobbled the first two days in Omaha then charged to the front and led by five as he came up the hill to enjoy teevee face-time, applause and whistles reserved for a winner on a Sunday evening ahead of 60 Minutes.

Here he was again. Man from Franklin and Western Kentucky U., owner of 14 PGA Tour titles, five after age 47, and now back-to-back wins on the Senior tour in as many starts.

"It's probably my greatest win," Perry told reporters.

Probably closer to true than they realized. Kenny Perry has come of age, found a niche where happiness lives and what might've been (Masters or PGA Open) don't.

Bit portly these days, Perry's thatch of more salt than pepper hair under the visor are signs of a road well traveled. Come August 10, a birthday, 53. James Kenneth Perry looked confident and comfortable as he navigated the last nine holes Sunday seemingly oblivious to Fred Funk and Rocco Mediate on his flank, then fading into early evening.

Here was our guy coming home at top of his game ... where happiness lives.

His greatest win? Yep.

For a week, a month, a summer perhaps, the king of the Seniors Circuit is Kentucky's own Kenny Perry.

BASEBALL MIDSUMMER REVIEW

As Major League Baseball broke for its midsummer classic, one man's highlights from the season's first half are these:

1. St. Louis Cardinals. Best record in baseball 57-36 without ace starter Chris Carpenter or closer Jason Mott. Over 93 games manager Mike Matheny mixed and matched brilliantly.

2. Chris Davis in Baltimore. Gorgeous home run swing. Davis had 37 homers at the break.

3. Pittsburgh Pirates. Second best record in baseball a game behind the Cardinals and 19 games over .500, the Pirates have become one of the most popular franchises in MLB. Top seller at the All-Star game in New York City this week? Pirates' black and gold gear.

4. Steve Delabar. Baseball story of the year could become Toronto Blue Jays pitcher Steve Delabar. From low minors to Tommy John surgery to two seasons with Seattle Mariners to substitute teacher at Central Hardin High School in Elizabethtown, to a call-up to the Blue Jays bullpen. Then: American League all-star roster, selected by the fans.

No flash-in-the-pan, if Delabar's statistics were logged into Baseball's Encyclopedia today they would read 10 wins in 15 decisions, 2.97 ERA and 157 strike outs.

Postscript. Born in Ireland Army Hospital at Fort Knox, Delabar celebrated his birthday 24 hours after the Midsummer Classic. On July 17 he turned 30.

Blunders at Kentucky?

An opinion piece at an internet site last week titled: 'Five biggest blunders in University of Kentucky basketball history,' was superficial, shallow and sensational as intended. But the idea was fair.

Point shaving scandal in the 1940s made the list naturally. The

\$1,000 cash package to Chris Mills father Claud, allegedly sent by assistant coach Dwane Casey mid-1980s, should not make even a top 10. As recently as 2011 Eddie Sutton said "it was a set up."

Not listed, but should have been, these blunders ...

✓ Academic fraud involving recruit Eric Manual on Sutton's watch brought NCAA sanctions.

✓ Slush fund for players during Joe B. Hall's tenure did same.

LEGITIMATE BLUNDERS LIST

Having seen and written about basketball at Kentucky for four-plus decades, a legitimate Blunders List ...

1. NCAA shame. In 1954, three starters on an undefeated team (25-0) were declared ineligible because they were fifth year seniors or graduate students.

Notably ...

✓ With threat of injunction to block suspensions of Cliff Hagan, Frank Ramsey and Lou Tsioropoulos available in today's game all would have played.

✓ 1954 NCAA championship. LaSalle won the title. Kentucky had coasted past the Explorers 73-60 earlier in the season.

2. Having recruited Alfred 'Butch' Beard to within a whisker of signed scholarship in 1965, inability to persuade Breckinridge County's Mr. Basketball winner to be the SEC's first black player was an historic blunder.

Assurances that Beard not only would be protected, but show-cased as the SEC's first black player, should have been paramount.

✓ The affable and gifted Beard could've been to Kentucky basketball what Perry Wallace came to represent to the SEC at Vanderbilt in 1968. Distinguished.

✓ Pre-empted racial rant become legend from Texas Western-Kentucky game in spring 1966.

✓ Would have compromised a recruiting tool against UK a decade before recruiter Joe B. Hall arrived.

3. Academic fraud. A blunder that rates with point shaving. The NCAA ruled that another student took an entrance exam for freshman Eric Manuel.

4. Institution of 3-5 second delay, radio-to-television broadcasts ending the popular "turn down the teevee sound and listen to Cawood's play-by-play."

5. SEC shame. Administrators failed to recognize it had right man for the times to build its basketball market. Adolph Rupp was not shy to cast the challenge: "If you don't want Kentucky beating your brains out all the time, upgrade your programs!"

They did. Others took the bows later and/or received the credit.

WORTH REPEATING DEPT.

UCLA will pay Steve Alford \$2.6 million a year for seven, or \$18.2 million total. If he quits before 2016, Alford must pay UCLA \$10.4 million. Penalty drops each year to \$7.8 million, \$5.2 million and finally \$2.6 million in his final year.

The contract calls for UCLA to pay Alford the same amounts if he's fired.

"We wanted the commitment to be strong on both sides," associate director of athletics Mark Harlan said. "We didn't want him going anywhere."

Translation: UCLA does not trust its ball coach nor does ball coach trust his employer.

Snapshot of today's college ball coach environment.

And so it goes.

SAINT AUGUSTINE SCHOOL

205 E. FOURTH STREET, AUGUSTA, KY

New. Fresh. But steeped in tradition.

St. Augustine Church's new pastor brings a fresh perspective and innovative ideas. With proven success in several diocese, **MONSIGNOR DOMINIC FOSU** has a plan to take St. Augustine into

the future while cherishing its past. Since arriving in May, he has already increased enrollment, overseen capital and technological renovations at the school, instituted the Fr. Daniel J. Saner Memorial Scholarship Fund, and established a Youth Group at St. Augustine Church to care for

the spiritual needs of our students after they graduate from St. Augustine School. "We have to work together to make our school and our church a success. I will make the school stronger academically and spiritually by embracing innovations and building on our solid foundation. I am also committed to continuing faith formation for our students long after graduation."

Monsignor Fosu, together with parents, teachers and staff, is working to make St. Augustine the best choice for your child in Bracken County and the region.
